Ninty three volunteers came out March 6 to clean up the Conroe Community Cemetery and learn about the Black resident buried there. There were volunteers from the Conroe High School Student Council, the DAR San Jacinto Chapter, The Church of Jesus Christ of Latter Day Saints, Angel Reach and the Northside Lions Club of Montgomery County. Numerous other volunteers also participated. The next clean up date is March 20.

residents of the community buried there.

There were volunteers from the Conroe High School Student Council, the DAR San Jacinto Chapter, The Church of Jesus Christ of Latter Day Saints, Angel Reach and the Northside Lions Club of Montgomery County. Numerous other volunteers also participated.

Only an area of about 80 foot by 100 foot area remains to be cleared of brush at the next clean up on March 20. Come out to celebrate the removal of the last piece of brush on March 20.

But there's still plenty to do after that. More trees need to be thinned out and chipped up, small stumps need to be lopped off, brush on the Oakwood side of the fence line needs to be removed and the whole property needs to be raked.

Upcoming clean ups are set for March 20, April 3 and April 17.
